Tank Cleaning Supervisor

Description

EISCO is looking for experienced Tank Cleaning Supervisors to join our growing team. Ideal candidate will have 2+ years of tank cleaning supervision experience, lesser experience can be acceptable upon interview and work history. Be capable of supervising/directing the safe entry into petroleum storage tanks. An ideal candidate will possess a Tank Entry Supervisor credential and TWIC card. Candidate must have experience in cleaning black oil, asphalt, diesel, jet, gasoline, refinery slop/process water (including sour water) and ethanol tanks – any combination is a plus. The supervisor will ensure compliance with all EISCO policies and procedures and maintains and improves relationships with customers by providing quality, timely tank cleaning services. Other duties as assigned. This position requires up to 90% travel throughout the United States and Caribbean.
